Elida Schools

What we had in the past. Are now only memories of the precious, good-ole days, that at the time seemed so slow, but now they've gone, it seems so fast.

With friends and laughter everyday; how can we ever forget the best years of our lives, we all were so close with no problems that were really worth worrying about, now we feel so far away.

Life was soared through with wings that took us so lightly, to where we now depart. Wings that we will never ride again-beautiful, wonderous years, that touched every inch of our heart.

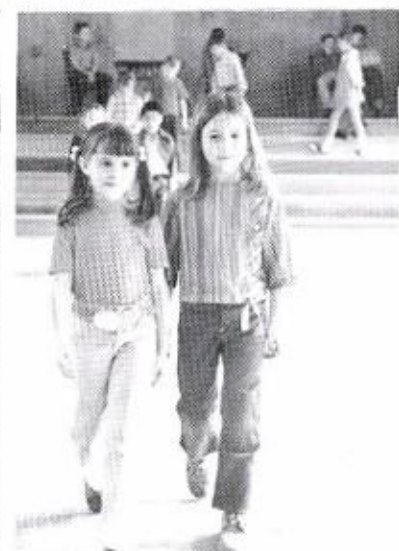

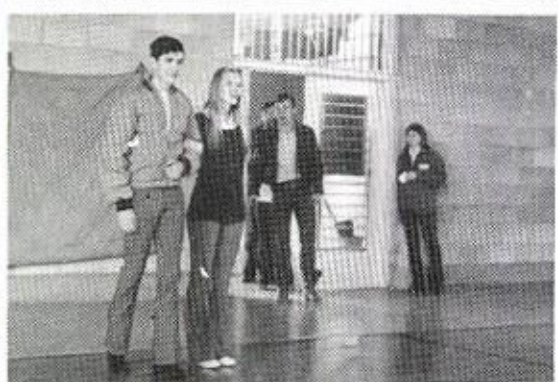

Now that we have a whole new life to look forward to, we all go our separate ways. In our hearts, I guess we'll never forget, cause our memories still hang on; yes, no matter how far away we go, we remember those good-ole days.

What was so long ago, and seemed, oh so long to last. Leaves us with memories—yes, just remembrance, wrapped up in reflections.

Reflections of the Past.

BOB DAUGHERTY

A Friend of our School

Bob Daugherty was a member of the Elida Board of Education for seven years, serving as President during this school year. He gave all of himself to the school and was always willing to do more. Bob truly loved this school and we will all miss him.

It is not often that a man like Bob comes along. Those of us who knew him well profited by knowing him. He was a man for all seasons and all reasons. Often a man is weighed by how few people speak ill of him. We all know very few times did anyone find fault with Bob. Yes, we will all miss him.

SUPERINTENDENT'S MESSAGE

As we put the annual together we realize it will soon be a symbol of what was. It will be a one time show and there will be no re-runs. You will not be able to offer up feeble excuses for a poor performance, for you are reminded daily by everyone who cares about you, that your education is very important.

Let us then look to a simple code to go to school by: I will be honest, because I refuse to be a thief who steals from himself. I will be truthful, for the person I am to become has much need of that. I will work, for my country has need of a generation dedicated to getting things back to right.

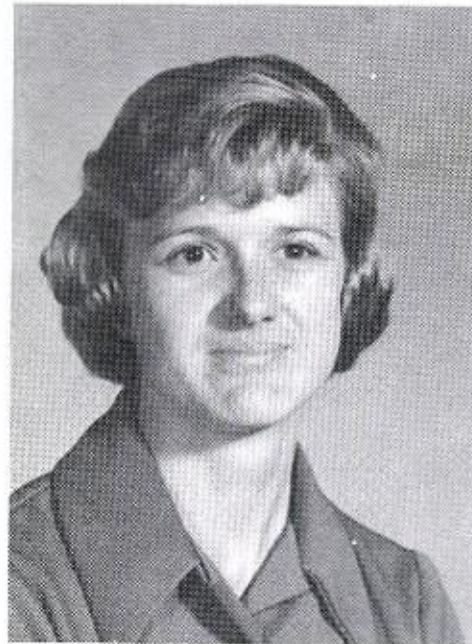

But most of all, I will be someone worth knowing. And I will try to be wise enough to enjoy the good things my loved ones tell me are important. I will strive to realize and believe that this school is mine, to have and to hold, and to keep forever . . . our contribution to each other.

Reflections in our eyes
The memory that never dies
Twelve years have past
Maybe, a little too fast
Yesterday we couldn't wait
Living for that so distant date
Looking for the 15th of May
But too soon tomorrow is yesterday.

MUST WE KNOW

Must we know what everything means?
The smell of a rose, the murmur of streams?
Or the light of stars, or the hush of the night?
Or the song of the thrush, or the ocean's might?

Must we try to explain the song that lingers?
Or the thrill that leaps to the tips of our fingers
When our hand is clasped in the hand of a friend;
And life is changed from that hour to its end?

For me it is enough to say
That something beautiful passed my way.
